

Buses are equipped with crossing arms which extend when the bus is stopped and the red loading lights are flashing.

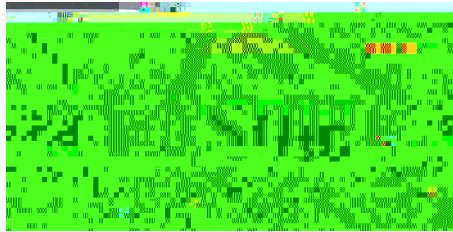

Always cross the street in front of the bus.

Keep eye contact with the bus driver and wait for the 'all clear' signal.

Check for traffic in both directions.

Remember that some motorists may not stop for a stopped bus. In Manitoba, motorists travelling in both directions, when a highway is not divided, must stop when approaching a stopped school bus with its red lights flashing.
